

Middle schools provide the perfect setting to develop and maintain physical fitness of youth as they enter their growth spurt. This is also the time to continue converting fundamental movement skills into fundamental sport skills.

Middle schools are ideal for exposing youth to a range of physical activities and sports, so they can begin to discover sports they enjoy and build confidence in basic skills.

Student Contract for Success in Sport for Life

Congratulations on becoming a member of the Sport for Life program! Being a member of this program is a privilege and with privileges come responsibilities. As one of our Sport for Life students, we expect that students will comply with the following expectations and responsibilities. *Please check each box to indicate you have read the section:*

- □ I will demonstrate citizenship and leadership in all classes.
 - This includes acting as leaders both outside and inside the school by demonstrating cooperation, respect for facilities being used, and responsible behavior at all times.
- □ I will not engage in destructive behavior, bullying, or verbal abuse of any kind.
 - This includes showing respect to all teachers, instructors, guest speakers. Behavior should not interfere with the learning opportunities of others.
- □ I will perform to the best of my abilities in all classes, both academic and Sport for Life.
 - You are a student first and an athlete second. Failing to complete assignments, submit work, or maintaining a passing grade, indicates an inability to handle the load of being a Sport for Life student. If teachers are not satisfied that you are working to your potential, you may be removed from field trips until an improvement is shown.
- □ I will try my hardest and work to the best of my ability for each activity we try.
 - Some of the activities we try might be new to you and/or challenging. You are expected to come to each new activity with a positive and open attitude.
- □ I commit to developing a healthy habit or two to increase my overall well-being.
 - A big part of being involved in this program is an increased awareness of being a healthy and active citizen. This includes making healthy choices both inside and outside of school.

I have read and understand this contract. I understand that not fulfilling my responsibilities, as listed in this contract, may result in missing out on field trips and other programing events.
